	1994 -	Consultant Cardiologist Bristol Heart Institute, Bristol Associate Director, Cardiology, 1997-2000 Lead Doctor, Bristol Heart Institute Cardiac Lead, AGWS Network 2010 -2012 Cardiology SpR Educational Supervisor, BHI 2000- present Lead Doctor, Cardiac Services 2010-2012

SPECIAL INTERESTS:

My special interest is in cardiac resynchronization (biventricular) devices. I have special expertise in cryoablation for SVT.

I am a trained cardiac electrophysiologist and regularly perform invasive cardiac electrophysiology studies and radiofrequency ablation and cryoablation procedures, in addition to permanent cardiac pacemaker and defibrillator implantations.

PUBLICATIONS:

Over 100 publications as full papers, abstracts, book chapters, etc., relating to:

Prediction of sudden death after myocardial infarction, signal averaged ECG, baroreceptor sensitivity, heart rate variability, angioplasty and stents, etc.

MEDICOLEGAL:

150+ Medicolegal Reports
6 Court appearances as Medical Expert

October 2012
